

40-Hour Fundamentals of Fire Investigation-TX June/2016

Event: 40-Hour Fundamentals of Fire Investigation

Event location: Garland, Texas

Event date and time: Monday, June 20, 2016 to Friday, June 24, 2016

Event Category: Training

Description

This 40-Hour course is designed to provide the new fire investigator with the prerequisite knowledge necessary to properly determine the origin and cause of a fire and to refresh the experienced fire investigator with his/her current knowledge base as it relates to the scientific investigation of a fire scene. This course provides the basis for the IAAI Fire Investigation Technician designation and was written in accordance with the NFPA 1033, Standard for Professional Qualifications for Fire Investigators. This course meets the requirements in Track-A toward IAAI-FIT designation.

Prerequisites:

CFITrainer.Net Module: The Scientific Method for Fire and Explosion Investigation;

CFITrainer.Net Module: Understanding Fire Through the Candle Experiments

CFITrainer.Net Module: Fire Investigator Scene Safety

Venue: Garland Administration and Training Center

Street: 1500 Highway 66

City: Garland

State: TX

Zip: 75040

INSTRUCTORS: **WILL CONFIRM THIS SHORTLY**
